

## CERTIFICATE OF ANALYSIS

Date: 01-10-2026

|                                |                                                                                                                                     |               |       |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|---------------|-------|
| Product Name                   | N-Nitroso Osimertinib Impurity 28                                                                                                   |               |       |
| Chemical Name                  | N1-(2-acrylamido-5-methoxy-4-((4-(1-nitroso-1H-indol-3-yl)pyrimidin-2-yl)amino)phenyl)-N1,N2,N2-trimethylethane-1,2-diamine dioxide |               |       |
| Structure                      |                                                    |               |       |
| Batch No.                      | -                                                                                                                                   | CAS No.       | NA    |
| Analysis Date                  | 31                                                                                                                                  | Retest Date   | 5     |
| Mol. Formula                   | C <sub>27</sub> H <sub>30</sub> N <sub>8</sub> O <sub>5</sub>                                                                       | Molecular Wt. | 546.6 |
| Long term Storage Condition    | Store at 2-8 °C in well closed container                                                                                            |               |       |
| Handling and Transit Condition | 25-30 °C in well closed container                                                                                                   |               |       |

| Test                   | Result                |
|------------------------|-----------------------|
| Appearance             | -                     |
| Solubility             | -                     |
| <sup>1</sup> H-NMR     | Conforms to structure |
| MASS                   | Conforms to structure |
| Chromatographic Purity | >90%                  |
